

LETTER OF RECOMMENDATION

To Whom It May Concern:

LLC INFOPOLE has prepared an internet site for our law firm that is based in Slovenia. The work was done very fast, much faster than we agreed in the contract. They understood immediately what has to be done and no time was wasted for double explanations. The internet site had no errors and after a year of cooperation still works as on the first day. The staff in LLC INFOPOLE is very professional and can be reached without delay 24/7. This is true especially for Maxim Sushko, who was our main contact and advisor from the very start.

We would recommend the services of LLC INFOPOLE to anyone who wants to have a business partner that is reliable, professional and effective.

Sincerely,

Law Firm Ježek & Snoj l.f. ltd.
